Program

"King Centre Kidz" meets once a week. We offer two sessions during the year that both include 13 classes plus the Demo and Recital. The children will learn creative dance, rhythm AND music.

Your child will have the opportunity to perform twice a year, once during the holidays and again in the spring in the familiar setting of your school. We provide all costumes.

The King Centre for the Performing Arts Philosophy

Nancy believes that everyone deserves the best training. Whether you are the parent of a three-year old just looking for your child to develop a love for the arts, or a teen with professional aspirations, you can feel at home at The King Centre.

Studies have found that the arts are an integral part of child development. Our goal is to accomplish a positive, healthy, creative, and well-balanced arts program in various dance styles, early childhood development, theatre, arts, and music.
